B

BILIARY FISTULA

Endoscopic Treatment of Biliary Fistula Post-Laparoscopic Cholecystectomy - Case Report 1(3) 133

BILIARY TRACT

Iatrogenic Lesions of Biliary Tract Caused by Foreign Body: A Case Report 1(4) 175

C

CHRONIC PELVIC PAIN

Etiological Diagnosis of Chronic Pelvic Pain in Patients Submitted to Laparoscopic Surgery 1(1) 13

COLORECTAL SURGERY

Surgical Outcomes After Preceptores Colorectal Surgery: A Case-Controlled Trial 1(3) 122

D

DIAGNOSIS

Can Transvaginal Sonography Avoid the Diagnostic Complementary Hysteroscopy in the Detection of the Endometrial Polyp? 1(2) 71

G

GASTROSTOMY

Morbidity and Mortality of Laparoscopic Feeding Gastrostomy in Dysphagic Patients: Case-Series from a Specialized Center in the Treatment of Special Needs Patients 1(2)76

GASTRIC TRICHOBEZOAR

Laparoscopic Treatment of Gastric Trichobezoar 1(4) 178

GINECOLOGICAL SURGERY

Laparoscopic Lateral Ovarian Transposition 1(2) 57

H

HEPATECTOMY

Hepatectomy Using Alternative Energies 1(3) 94

HYSTEROSCOPIC MYOMECTIONY

Hysteroscopic Myomectomy 1(4) 163

HYSTEROSCOPIC SURGERY

Is In Time Monitoring Necessary for Preventing Fluid Overload in Hysteroscopic Surgery? 1(3) 128

L

LAPAROSCOPIC IN TRAUMA

Critical Evaluation of laparoscopic in Trauma 1(2) 67

M

MECHANICAL BOWEL PREPARATION

Mechanical Bowel Preparation for Laparoscopic Surgery in Pigs - A Pilot Study 1(4) 144

N

NEPHROPEXY

Laparoscopic Transperitoneal Nephropexy without Using Intracorporeal Knot 1(4) 171

O

OVERACTIVE BLADDER SYNDROME

Use of Botulinum Toxi Type A (Botox®) Through Transcystoscopic Vesical Insertion for Overactive Bladder Syndrome Non-Responsive to Oral Medication or for Parasympatholytic Drugs use Severre Side Effects 1(3)97

P

PNEUMOPERITONEUM

Veress Needle Insertion in the Left Hypochondrium in Creation of the Pneumoperitoneum: Validation of

the Technique, Value of Tests and Importance of Intraoperative Pressure and Volume of Gas Injected During Insufflations 1(1) 20

PROSTATECTOMY

Laparoscopic Radical Prostatectomy versus Open Retropubic Radical Prostatectomy in the Treatment of Localized Prostate Cancer 1(1) 07

Lower Limb Compartment Syndrome following Laparoscopic Radical Prostatectomy 1(1) 37

Laparoscopic Radical Prostatectomy: Preliminary Report 1 (2) 64

Comparison Between Radical Retropubic Prostatectomy versus Laparoscopic Radical Prostatectomy Performed in a Urology Internship Service 1(4) 150

PYELOPLASTY

Optimization of the Antegrade Ureteral Stenting During Laparoscopic Dismembered Pyeloplasty: An Easy, Cheap and Without Additional Port Technique to Identify the Ureter and the Renal Pelvis 1(2) 51

S

SPLENECTOMY

Comparative Study of Patients that Underwent Splenectomy for Immune Thrombocytopenic Purpura With and Without Splenic Artery Embolization 1(1) 03

Accessory Spleen Detection at Laparoscopic Splenectomy is Adequate for Immune Thrombocytopenic Purpura - a Prospective Study 1(4) 156

SURGICAL APPROACHES

New Minimally Invasive Surgical Approaches: Transvaginal and Transumbilical 1(1) 29

SITRAC - Single Trocar Access: A New Device for a New Surgical Approach 1(2) 61

Laparoendoscopic Single Site Surgery (LESS) - Is it a bridge to natural Orifice Transluminal Endoscopic Surgery (NOTES) or the final evolution of minimally invasive surgery? 1(3) 90A

Comparison of Videolaparoscopic Versus Open Surgery for Benign Renal Diseases in Children 1(3)104

Laparoscopic Adrenalectomy in the Treatment of Pheochromocytoma: Comparison with Open Approach 1(3) 111

T

THYROIDECTOMY

Interventional Techniques of Totally Endoscopic Thyroidectomy 1(3) 116
